

Multiplier Event Report

WIN organised two multiplier seminars for the Senior Social Entrepreneurship project. The first event was organised, due to the Covid-19 pandemic, on 2nd December 2021 as online event. 13 experts participated in this event. Fortunately, it was also possible to organise also a face-to-face event on 6th December 2021, mainly for those experts who had already been vaccinated. We had invited experts and counsellors from social enterprise organisations, the Social Ministry and people from adult education organisations. 12 experts participated in this event

Altogether, 23 experts participated in these two events. They came from various organisations (see below).

The Multiplier Seminar consisted of three parts:

- The plenary session comprised the welcome address and an introductory speech by Mag. Doris Nöbauer, president of ECC Association for Interdisciplinary Education and Consulting, and the presentation of the Senior Social Entrepreneurship project through the Austrian project coordinator, Dr. Wolfgang Eisenreich;
- A presentation and a workshop focusing on the didactic structure of the modules and the potential of the best practice stories;
- a final round table discussion about the educational and support potentials for entrepreneurship for seniors, especially in times of the Covid-19 pandemic, and mainstreaming the results into trainings and future collaboration.
- As many experts at the face-to-face event came from organisations which are involved in the empowerment of seniors, we laid the emphasis on the potential of the learning materials for these target groups.
