

# Multiplier Seminar Report

GEA organised a Multiplier Seminar for this project on 5<sup>th</sup> October 2021 in Ljubljana. We had invited experts from public administration, from senior organisations, counsellors and trainers, people from labour market organisations, from the Ministries for education and for social affairs, as well as educational institutions and rehabilitation centres.

Altogether, 14 people attended the event. They came from various organisations (see below).

The programme of the Multiplier Seminar consisted of three parts:

- The plenary session comprised the welcome address, an introductory keynote by Aleksandra Tabaj, URI SOČA, about the chances to offer attractive learning materials for disadvantaged young people, and the presentation of the Money & Life Skills project through the Slovenian project manager, Sonja Bercko Eisenreich;
- a presentation of the guidelines and training materials;
- a final round table discussion about the new requirements in the light of poor economic conditions after the Covid-19 pandemic.

The participants came from the following institutions:
